About the Exhibit

The TUKMA Art Festival is an event where Arts and Design students can showcase their creativity through their artwork and performance as part of their Final Performance Task. The festival was held on April 20 at SU Hall and on April 21 at Luce Foyer. As one of the exhibitors, I, Rianne Gracielle M. Garcia, had the opportunity to display my artwork which took months of preparation. This was the first face-to-face exhibition since the outbreak, and it was also my first solo exhibition.

Contact us

I'd like to extend my appreciation to my Art teachers for the consultations, raw feedbacks, and never-ending support!

Around 2 months of preparation starting from concept mapping, sketches, presentation of proposal to buying of materials.

The entire process was full with multiple mental breakdowns, art blocks, sleep deprivation and nearly giving up but it was worthwhile in the end.
